### About Manipal University Jaipur, India

Manipal in education is a name to reckon with not just in India, but the world over. The seeds of its magnificent growth were sown back in 1953 by Padma Shree Late Dr. TMA Pai. It is the fifth university established in 2011 by Manipal Global Education Services. Manipal Global Education Services (MaGE), a part of Manipal Education and Medical Group (MEMG) is a leading international provider of high-quality higher education services. Manipal University Jaipur is the first university in the state of Rajasthan accredited as A+ (3.28) grade by NAAC. The vision of the University is to be a "Global Leader in Higher Education and Human Development". MUJ offers a wide spectrum of career-oriented programs in different disciplines like Engineering, Sciences, Management, Law, Arts, Journalism and maintains the Manipal University's legacy of providing quality education to its students.

### About King Mongkut's University of Technology North Bangkok (KMUTNB), Thailand

King Mongkut's University of Technology North Bangkok (KMUTNB) is a prestigious institution located in the vibrant city of Bangkok, Thailand. Established in 1959, it is named after King Mongkut, a revered monarch known for his contributions to modernizing Thailand. KMUTNB is renowned for its commitment to excellence in science, technology, and engineering education. The university boasts a sprawling campus equipped with state-of-the-art facilities and cutting-edge laboratories, fostering an environment conducive to research and innovation. With a diverse range of academic programs, KMUTNB caters to a broad spectrum of disciplines, including engineering, architecture, business, and science. Distinguished faculty members, many of whom are experts in their fields, contribute to the academic prowess of KMUTNB. KMUTNB's dedication to fostering an entrepreneurial spirit is evident in its support for startup initiatives and collaborations with industry partners. This approach prepares students for the dynamic demands of the professional world. With a commitment to academic integrity, KMUTNB upholds high standards of education and ethics, instilling a sense of responsibility and professionalism in its graduates. The university's reputation for producing skilled and ethical professionals has made it a preferred choice for students seeking quality education. King Mongkut's University of Technology North Bangkok stands as a beacon of academic excellence, innovation, and global collaboration. Through its holistic approach to education, cutting-edge research, and commitment to societal well-being, KMUTNB continues to shape the future leaders of Thailand and the world.

### About the Conference

Librarians and information professionals are adept at mastering the intricacies of information searching, selection, acquisition, organization, preservation, repackaging, dissemination, and service provision. In the specialized domain of Library and Information Science, the integration of Information and Communication Technology (ICT) has far-reaching implications.

The International Conference on Knowledge Management in Higher Education Institutions (ICKHI 2024) will extensively deliberate on the evolving profile of library professionals in the contemporary context. The conference is designed to serve as a pivotal platform for learning and sharing ideas among librarians, professionals from public and academia, research scholars, students, archivists, information providers and vendors, e-publishers, and virtual electronic communities. Additionally, the conference will address the profound impact of Information and Communication Technology (ICT) and Artificial Intelligence (AI) tools on the field, shaping the discourse on the future of knowledge management in higher education institutions.
